GULISTAN SPINNING MILLS LIMITED

Director's Report to Shareholders

The Directors of your Company are pleased to place their report together with the Auditor's Report and audited Financial Statements of the Company for the year ended June 30, 2017 at the Annual General Meeting of Company.

Overview

The year under review has also been proved difficult period. Severe energy crises coupled with on-going financial impediments have obstructed the utilization of production capacities. The root cause for this underutilization had been non-availability of working capital facilities which were blocked by the banks/financial institutions unilaterally, and resultantly the Company could not efficiently purchase sufficient raw material to run the installed capacities at optimum level. This hindered the Company's plan to achieve the desired production targets which badly affected our sales turnover as well as profitability of the Company. In spite of the ongoing adverse eventualities the Management is making all possible efforts to keeps the Mills operational.

The debt amortization profile, higher interest cost and associated liquidity problems have forced the Company to initiate restructuring of its debt obligations subject to reconciliation of financial obligations to ensure continued timely discharge of its commitments to its lenders. The Company has initiated the debt restructuring process with the help of the key lending financial institutions. In this regard leading law firm has been appointed as transaction lawyer and restructuring plan/terms are in process of finalization and majority of banks/financial institutions have agreed in principle to the restructuring process. Once achieved it would improve the company's financial health and liquidity of the Company.

The Management is conscious of the issues that are affecting our operations and are committed to plans to turn Company into profitable entity by implementing the restructuring process for better financial position, strengthening our operations through proficient acumen, improving manufacturing processes and offering better service to our customers.

Operating & Financial Performance

| Operating indicators | 2017 | 2016 |
|------------------------|----------------|----------------|
| | (Rupees) | (Rupees) |
| Sales | 11,700,000/- | 3,000,000/- |
| Cost of goods sold | (55,070,749)/- | (34,715,196)/- |
| Financial cost | (4,493,413)/- | (10,671,391)/- |
| Pre tax Loss | (49,051,322)/- | (34,303,093)/- |
| Provision for taxation | 16,277,777/- | (3,212,374)/- |
| Loss after taxation | (32,773,545)/- | (37,515,467)/- |

Future Outlook

The Company's Management in order to offset the effect of increased power cost and Rupee devaluation is trying hard to utilize the production capacity to its optimum level.

The high cost of production resulting from higher cotton prices, rising energy costs, increasing prices of imported inputs due to depreciation of Pakistani rupee, double digit inflation, and prolonged power cuts are posing serious threats to textile sector. On these fronts the situation is expected to remain volatile in the future.

Going forward, the Company is focusing on strategy to consolidate its customer base, rationalize production volume and achieve pricing targets to increase profitability. Bottle neck in achieving these milestones was non-availability of working capital lines. This impediment is expected to be over in near future as the restructuring process is expected to be completed soon and this would result in better utilization of production capacities. Once the ongoing reconciliation & restructuring process is completed, we would be in better position to embark upon timely better priced procurement of the required raw materials. To increase profitability and improve performance, wide ranging and significant measures are being implemented by the Company focusing on cost reduction and increase in margins.

Subsequent to the restructuring and other proposed measures mentioned above, the Management of the Company envisaged for the continuing operations of the Company. With positive impact on finance costs, reduced costs, more effective management of resources and raw material procurement, the Company is expected to operate profitably, subject to impact, if any, of uncontrollable external circumstances including power crises and global market conditions.

Auditors' Observations

Auditors' Observation regarding going concern, the Management has approached the banks/financial institutions for speed up the process of negotiations and finalization of financial restructuring of its debts and is confident that outcome will be positive. It is worth noting that restructuring process is at final stage and in this respect majority of the banks/financial institutions have agreed in principle to it. A Scheme of Arrangement by the Creditors is in process of finalization with the banks which is being drafted by the Transaction Lawyer and after its approval from Honourable Sindh High Court, a syndicated restructuring agreement is proposed to be executed between the Company and respective banks. According to restructuring terms all ongoing litigations by or against the Company will be withdrawn by the respective parties.

The Management is making utmost efforts to recover from the present financial crises and has made its best and maximum possible efforts to come out from the prevailing crisis. Reluctantly, the Management has to retrench most of their manpower strength and has taken steps towards resource conservations, effective utilizations of natural resources and raw materials. The Management therefore is of the view that after restructuring of debts going concern observation will be resolved.

Due to pending litigation in the High Court against the Company for recovery of amount, the Company has not provided accrued mark-up in these accounts. Consequently banks/financial institutions have not confirmed the amounts which are already disputed by the Company.

The Company is very hopeful that with reconciliation of amounts, release of security in post-reprofiling scenario, the financial health of the Company will be improved which will enable the Company to purchase cost effective timely raw material, manage the resources properly, combat the pressures of local and global market and tackle with energy crises.

گلستان سپنگ ملز لمیٹڈ

شیرز ہولڈرز کوڈی گئی ڈائریکٹر کی رپورٹ

گلستان سپنگ ملز لمیٹڈ کی سالانہ جنرل میٹنگ کے موقع پر کمپنی کے ڈائریکٹرز کمپنی کے مالی بیانات کی رپورٹ پیش کر رہے ہیں جو کہ ایڈیٹرز کی رپورٹ کے ساتھ منسلک ہے یہ کہ رپورٹ زیر جائزہ مالی سال مورخہ 30 جون 2017 پیش کا جا رہا ہے۔

مجموعی جائزہ۔

زیر جائزہ سال مجموعی طور پر کافی مشکل سال ثابت ہوا ہے۔ سنگین توانائی کے بحران کے ساتھ ساتھ مالی ذرائع کی عدم دستیابی نے پیداواری صلاحیتوں کے استعمال میں رکاوٹ ڈال رکھی۔

اسکے علاوہ ان نقصانات کا بنیادی سبب کام چلانے کے لئے سرمایہ کی عدم دستیابی سے پیدا ہونے والے مالی بحران کی وجہ سے بینکس اور دیگر مالی اداروں کی طرف سے بھی مالی امداد کو جو بھی یکطرفہ طور پر روک دیا گیا جس کے نتیجے میں کمپنی ہذا خام مال جس کی مدد سے موجود مشینری کو مناسب سطح کی حد تک جلا کر پیداوار کو بڑھایا جانا مناسب مقدار میں مناسب وقت پر نہ خرید سکی۔

ان حالات نے مطلوبہ پیداوار کے اہداف کو حاصل کرنے کے لئے کمپنی کی منصوبہ بندی کو روک دیا۔ نتیجتاً ہماری سیلزن ٹرن اوور پر اور کمپنی کے منافع کی صلاحیت پر بری طرح اثر پڑا۔ جبکہ اس کے برعکس موجودہ بدترین حالات کے باوجود انتظامیہ کمپنی کی ملز کو چلانے کی ہر ممکن سر توڑ کوشش کر رہی ہے

قرضہ بڑھانے کی سخت شرائط بلند شرح سود، منسلکہ لیکویڈٹی کے مسائل نے کمپنی کو مجبور کیا کہ وہ اپنے فرض اور واجبات کی ادائیگیوں کے لئے مزید وقت حاصل کرے جو کہ گفت و شنید کے بعد اس شرط پر کہ وہ اپنے قرضہ جات وقت پر ادا کرے گی کمپنی کو مزید وقت مل جائے گا۔

کمپنی نے مارکیٹ میں کلیدی حیثیت رکھنے والی مالی اداروں/بینکس کے ساتھ مل کر فرض کے حصول کا عمل شروع کیا ہے۔

اس سلسلہ میں کمپنی نے معروف قانونی فرم کو بطور مالی امور کی وکیل مقرر کیا ہے اور شرائط و ضوابط اور منصوبہ بندی کی دستاویزی شکل میں تیاری اپنے آخری مراحل میں ہے اور بیشتر مالی اداروں نے ہمارے قرض کے حصول کی منصوبہ

(2)

بندی کو سراہا/منظور کیا ہے۔ اگر ایک دفعہ ہم اپنی اس منصوبہ بندی کو پورا کرنے میں کامیاب ہو گئے تو اس سے کمپنی کو مالی حیثیت اور دیگر حساب کتاب میں بہتری آئیگی۔

انتظامیہ حالیہ پیش آنے والے مالی مسائل سے باخبر ہے جو کہ ہمارے آپریشنز پر اثر انداز ہو رہے ہیں اور انتظامیہ اپنے مالی امور کی تشکیل نو اور بہتر منصوبہ بندی کر کے کمپنی کو ایک منافع بخش کمپنی بنانے کے لئے پر عزم ہے اور اپنی اعلیٰ پیشہ ورانہ صلاحیتوں کو بروئے کار لاتے ہوئے اپنے آپریشنز/سرگرمیوں کو مضبوط کرے گی اور پیداواری عوامل (پراسس) میں ترقی لاتے ہوئے اپنے کسٹمرز کو بہتر سے بہتر خدمات باہم پہنچائے گی۔

اپریٹنگ (کام کی سرگرمیوں) اور مالی کارکردگی کا جائزہ

| 2016 | 2017 | کام کی نوعیت |
|----------------|----------------|--|
| 3,000,000 - | 11,700,000/- | سیلز |
| (34,715,196)/- | (55,070,749)/- | فروخت کئے گئے سامان پر اٹھنے والی لاگت (اخراجات) |
| (10,671,391)/- | (4,493,413)/- | مالیاتی لاگت |
| (34,303,093)/- | (49,051,322)/- | ٹیکس دینے سے پہلے کا نقصان |
| (3,212,374)/- | (16,277,777)/- | ٹیکس |
| (37,515,467)/- | (32,773,545)/- | ٹیکس دینے کے بعد کا نقصان |

مستقبل کی تصویر کشی/منصوبہ بندی

کمپنی کی انتظامیہ پیداواری لاگت کو کم کرنے کے لئے اور روپے کی قدر میں کمی کے اثرات/نقصانات کو کم کرنے کے لئے پیداواری صلاحیت کے زیادہ سے زیادہ استعمال میں لانے کے لئے زبردست محنت کر رہی ہے۔

پیداواری لاگت میں اضافہ اصل میں کپاس کی قیمت میں اضافہ، توانائی کے ذرائع کے شدید بحران، روپے کی قدر میں کمی کی وجہ سے اور درآمدی اشیاء کی قیمتوں میں اضافے، دو عدد افراط زر اور بجلی طویل لوڈ شیڈنگ کی وجہ سے ہوئی جس کی وجہ سے ٹیکسٹائل سیکٹر کو شدید حالات کا سامنا ہے۔

اس کے برعکس کمپنی کی توجہ اپنے کسٹمرز کے ساتھ تعلقات کو مستحکم کرنے پر اور اپنے پیداواری حجم کو معقول کرنے اور اپنی قیمتوں کے تعین کے اہداف کے حصول پر مرکوز رکھے ہوئے ہے تاکہ منافع میں اضافہ ہو سکے۔

ان سنگ میل کو حاصل کرنے کی سب سے بڑی رکاوٹ مالی ذرائع کے حصول کی عدم دستیابی ہے۔

لیکن ہم یہ حالات مستقبل قریب میں ختم ہونے کی امید رکھ سکتے ہیں کیونکہ ہماری قرضوں کے حصول کی منصوبہ بندی جلد از جلد اپنے تکمیل کے مراحل میں ہے۔ اور پھر قرضوں کے حصول کے لئے پیداواری صلاحیتوں کے استعمال میں بڑھوتری ہو سکے گا۔

اگر ایک دفعہ قرضوں کے حصول کی گفت و شنید کا مرحلہ کامیابی سے مکمل ہو گیا تو ہم خام مال کو بروقت اور بہتر کم قیمت میں خرید سکیں گے۔

منافع میں اضافہ ارکارکردگی میں ترقی کے لئے کمپنی کی طرف سے طویل المدت اور اہم اقدامات لاگو کئے جا رہے ہیں اور کمپنی پیداواری لاگت میں کمپنی اور مارجن میں اضافہ پر اپنی توجہ مرکوز رکھے ہوئے ہے۔

متذکرہ بالا اقدامات برائے حصول قرض میں کامیابی کے بعد کمپنی کی انتظامیہ اپنی تمام تر توجہ پیداواری سرگرمیوں پر کردیگی۔ مالی معاملات میں بہتری اور پیداواری لاگت میں مناسب کمی، مالی ذرائع، کے حصول اور خال مال کی خریداری کے لئے مزید موثر انتظامی اقدامات ہونے کے بعد کمپنی ہذا امید واثق رکھتی ہے کہ وہ منافع کی کسی راہ پر گامزن ہو جائے گی لیکن اس شرط پر کہ بیرونی طور پر کوئی ایسے ناگہانی حالات میں نہ پیدا ہو جائیں جیسا کہ زبردست توانائی کا بحران اور عالمی مارکیٹ کے برے حالات وغیرہ

آڈیٹرز کی طرف سے اٹھائے گئے اعتراضات

آڈیٹر نے اس معاملے میں تشویش کا اظہار کیا ہے کہ کمپنی نے ابھی تک بینک ہائے دیگر مالی اداروں کے سایہ قرضوں کے حصول کے سلسلہ میں گفت و شنید اور قرض کے حصول کی نئی منصوبہ بندی سابقہ ادائیگیوں کے لئے مزید وقت کے حصول کے لئے تیز ترین اقدامات نہیں اٹھا سکے۔

اس سلسلے میں یہ امر قابل توجہ ہے کہ قرضوں کے حصول کی نئی منصوبہ بندی اپنے تکمیلی مراحل پر ہے جس کے تمام خاص خاص امور پر سے پیشتر بینک ہائے مالی ادارے ہمارے ساتھ متفق ہیں۔

امور کے قانونی ماہرین بنارہے ہیں اور سندھ ہائی کورٹ کی منظور کے بعد ایک معاہدہ مابین فریقین برائے حصول قرضہ کمپنی اور متعلقہ بینک ہائے کے درمیان طے پا جائے گا۔

اور اس معاہدہ کی شرائط و ضوابط کے مطابق کمپنی اور اسکی مخالف اداروں کے درمیان جاری تمام قانونی کاروائیاں ختم ہو جائیں گی اور فریقین ہر طرح کی قانونی کاروائی سے دستبردار ہو جائیں گے۔

انتظامیہ ہر ممکن کوشش کر رہی ہے کہ وہ کمپنی کو حالیہ مالی مسائل اور بدترین بحران سے نکال لے۔ بیشک انتظامیہ نے اپنی بیشتر افرادی قوت کو استعمال کیا ہے تاکہ وسائل کے تحفظ قدرتی وسائل اور خام مال کے موثر استعمال کے لئے کئے گئے ہر ممکن اقدامات کی کامیابی کو یقینی بنایا جائے۔

ہائیکورٹ میں جو کمپنی کے خلاف واجب الادا ادائیگیوں کے حصول کے لئے قانونی کاروائی چل رہی ہے اس سلسلہ میں کمپنی نے سود پر اضافی سود کی ادائیگی کے تقاضے کو رد کر دیا ہے جس کے نتیجے میں بینک / مالی اداروں نے کمپنی کے ذمہ واجب الادا پیسوں کو کنفرم نہیں کیا ہے جو کہ پیسے پہلے سے کمپنی ہذا نے متنازعہ قرار دیئے ہوئے ہیں۔

کمپنی کو یہ امید واثق ہے کہ ان متنازعہ رقوم کے سلسلہ میں اگر مفاہمت ہوگی تو ہمارے حق میں طے شدہ قرضوں کی اگلی اقساط جاری ہو جائیں گی اور سابقہ قسطوں کے لئے مزید وقت مل جائے گا۔ جس کے نتیجے میں کمپنی ہذا کی مالی صلاحیت میں اضافہ ہوگا اور کمپنی قبل از وقت موثر سرمایہ کاری کرتے ہوئے مناسب قیمت پر خام مال خرید سکے گی اور اپنے مالی ذرائع کو بہتر طور پر چلا سکے گی اور مقامی اور عالمی مارکیٹ کے پریشروں کو برداشت کر سکے گی اور ملکی توانائی کے بحران سے لڑ سکے گی۔

کارپوریٹ گورننس

آپ کی کمپنی سیکورٹیز اور ایکسچینج کمیشن آف پاکستان کے قوانین پر بہر صورت عمل پیرا ہے اور اسکے مطابق اپنے داخلی مالی و دیگر معاملات کے کنٹرول کی پالیسیز کو بہتر طریقے سے پہلے سے زیادہ سختی سے اور توازن کے ساتھ نافذ کئے ہوئے ہیں۔

**REVIEW REPORT TO THE MEMBERS
ON STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATE GOVERNANCES**

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ("the Code") prepared by the board of Directors of **Gulistan Spinning Mills Limited** ("the Company") for the year ended June 30, 2017 to comply with the requirement of Listing Regulations No. 35 of the Pakistan Stock Exchange Limited (formerly Karachi and Lahore Stock Exchanges) where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not, to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statements on internal control covers all risks and control or to form opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording of proper jurisdiction for using such alternate prices mechanism. We are only required and have ensured compliance of this requirements to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Following instances of non-compliance by the Company with the requirements of the Code were observed which are not stated in the Statement of compliance:

- i. During the year, no director of the Company has obtained certification under directors' training program as required by clause (xi) of the Code.
- ii. The Company has not prepared, circulated and filed quarterly unaudited financial statements and half yearly financial statements subject to a limited scope review as required by clauses (xviii and xix) of the Code.

Based on our review, except for the above transactions of non-compliance, nothing has come to our attention that causes to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respect, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2017.

AUDITOR'S REPORT TO THE MEMBERS

We have audited the annexed balance sheet of **Gulistan Spinning Mills Limited ("the Company")** as at **June 30, 2017** and the related profit and loss account, statement of other comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof, for the year then ended and we state that, except for the matter stated in paragraph (c) below, we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- (a) as described in note 1.3, to these financial statements, the financial statements have been prepared on going concern basis. The Company has accumulated loss of Rs. 1,669.78 million as at June 30, 2017, shareholder's equity is negative by Rs. 1,498.37 million and as of that date the Company's current liabilities exceed its current assets by Rs. 1,784.76 million. The Company is facing operational and financial problems. Further, various banks and financial institutions have filed recovery suits against the Company as detailed in note 29.1.1 to the financial statements and the ultimate outcome of these suits can not presently be determined because these matters are pending before various courts. These events indicate a material uncertainty that may cause significant doubt on the Company's ability to continue as a going concern and therefore the Company may not be able to realize its assets and discharge its liabilities in the normal course of business. In our opinion, the going concern assumption used in the preparation of these financial statements is inappropriate.
- (b) mark-up / interest on long-term finances, lease finances and short-term borrowings to the extent aggregating Rs. 820.40 million, including balance of Rs. 121.00 million for the current year, has not been accrued in these financial statements, thereby reducing shareholders' equity and current liabilities by Rs. 820.40 million, and reducing loss for the current year by Rs. 121.00 million as fully detailed in note 25.1 to these financial statements.
- (c) we have not received year end confirmations from banks and financial institutions in respect of bank balances aggregating Rs. 6.391 million (note 16.1) and short-term borrowings aggregating Rs. 1.145 billion (note 26.4). No confirmations have been received in respect of lease deposits (note 8), long-term finances from banking companies (note 21 and 27), liabilities against assets subject to finance lease (note 22 and 27), payable against overdue letter of credit (note 24.2), and accrued mark-up / interest (note 25 and 14). Further, year-end bank statements from various banks and financial institutions in respect of bank balances and short-term borrowings were also not available.
- (d) in our opinion, except for the matters detailed in aforementioned paragraphs (b) and (c) proper books of account have been kept by the Company as required by the Companies Ordinance, 1984.
- (e) in our opinion:
 - (i) except for the matters detailed in aforementioned paragraphs (a) to (c) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - (ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - (iii) the business conducted, investments made and the expenditures incurred during the year were in accordance with objects of the Company.
- (f) in our opinion, because of the significance of the matters discussed in paragraph (a) to (c), above, the financial statements do not present fairly the financial position of the Company as at June 30, 2017 and of its financial performance, its cash flows and changes in equity for the year then ended in accordance with approved accounting standards as applicable in Pakistan and requirements of the Companies Ordinance, 1984.
- (g) in our opinion, no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

GULISTAN SPINNING MILLS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017

1 LEGAL STATUS AND OPERATIONS

- 1.1** Gulistan Spinning Mills Limited ("the Company") was incorporated in Pakistan on February 25, 1987, under the Companies Ordinance, 1984, as a public limited company and is quoted on stock exchanges at Karachi and Lahore (now Pakistan Stock Exchange Limited). The registered office of the Company is situated at 2nd Floor, Finlay House, I.I. Chundrigar Road, Karachi in the province of Sindh, Pakistan. The principal business of the Company is to manufacture and sale of yarn. The manufacturing unit is located at District Kasur in the Province of Punjab.
- 1.2** The Board of Directors of the Company in its meeting held on April 05, 2011, approved the scheme of merger by amalgamation of Gulistan Spinning Mills Limited and Gulshan Spinning Mills Limited into Paramount Spinning Mills Limited along-with the approval of share swap ratio in relation thereto. The Company on orders of the Honourable Sindh High Court called Extra Ordinary General Meeting on August 01, 2011 in which the said scheme was approved by shareholders of the Company. The Company filed an application for withdrawal of merger petition. The Honourable High Court of Sindh vide order dated December 21, 2017, dismissed the merger petition as withdrawn on the application filed by the Company.
- 1.3** **Going concern assumption**

The Company has accumulated losses of Rs. 1,669.78 million as at June 30, 2017, and as at that date its current liabilities exceed its current assets by Rs. 1,784.76 million. This is mainly due to under utilization of capacity because of insufficiency of working capital lines. All the working capital lines and other finances have been blocked by respective banks and financial institutions due to litigations with these lenders as detailed in note 29.1.1 to these financial statements. These conditions along with other adverse key financial ratios and the pending litigations with the banking companies and financial institutions render the Company unable to operate its manufacturing facilities in normal manners. This indicates existence of material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. These financial statements, however, have been prepared under the going concern assumption due to following reasons;

(i) Restructuring/ rescheduling of existing debt/ loan facilities availed by the Company

The Company along with its restructuring agent (a leading bank) and a few other lending banks, had proposed an indicative term sheet to its lending financial institutions on June 28, 2013 in order to restructure the outstanding debt obligations of the Company. The proposed term sheet is still in the process of finalization. Once finalized, it will be signed by all parties and legal documentation will be executed to restructure outstanding debts of the Company. Salient features of this indicative term sheet are as follows;

- the existing facilities will be restructured and consolidated into a long-term finance facility and aggregate principal outstanding will be repaid over 8 years. The sponsors will inject equity amounting Rs. 200.00 million within one year of the effective date of debt restructuring through sale of various assets. Balance of the outstanding facility amount will be repaid in instalments over a period of 8 years on quarterly basis as per the agreed repayment schedule;
- total accrued and outstanding mark-up due/payable till June 30, 2017 by the Company to its existing lenders will be repaid starting immediately after the expiry of 8 years time period of principal repayment on quarterly basis over a 2 years period (accrued mark-up period); and

mark-up rate shall be 5.00% per annum (referred as beginning tenor mark-up) for the first 2 years of repayment tenor, however, a mark-up of 0.25% per annum shall be paid by the Company during the first two years of the beginning tenor mark-up period; whereas the remaining differential mark-up amount i.e. 4.75% shall be accumulated and paid thereafter quarterly, starting immediately after the accrued mark-up period. For the remaining 6 years of the restructured facility, mark-up shall be charged and repaid on quarterly basis at the rate of 5.00% per annum.

- (ii) the management has made arrangements whereby third party cotton is being processed against processing fee for utilization of unutilized capacity.
- (iii) the management has also undertaken adequate steps towards the reduction of fixed cost and expenses. Such steps include, but not limited to, right sizing of the man power, resource conservation, close monitoring of other fixed cost etc.

The indicative term sheet as referred above, has not been agreed upon to date, by majority of the lending financial institutions. Despite this, the management optimistically anticipates that in future all lending institutions would agree the proposed terms, hence, this proposed restructuring along with the above-mentioned steps will not only bring the Company out of the existing financial crisis, but also contribute significantly towards the profitability of the Company in the foreseeable future. Therefore, these financial statements do not include any adjustment that might result, should the Company not being able to continue as a going concern.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for certain classes of property, plant and equipment which have been included at revalued/recoverable amounts, certain financial assets which are carried at fair values and staff retirement benefit which has been recognised at present value as determined by the management.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 First Time Adoption of International Financial Reporting Standards
- IFRS 14 Regulatory Deferral accounts
- IFRS 17 Insurance Contracts

4 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgements were exercised in application of accounting policies are as follows;

- (i) Estimate of useful lives, residual values of property, plant and equipment and recoverable values to account for impairment loss (note 5.1 and 5.15);
- (ii) Net realisable values of stores, spares and loose tools and stock-in-trade (notes 5.6 and 5.7);
- (iii) Provision for impairment of trade debts (note 5.14);
- (iv) Provision for staff retirement benefit - gratuity (note 5.8); and
- (v) Provision for taxation (note 5.9).

5 SIGNIFICANT ACCOUNTING POLICIES

The principle accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented unless otherwise stated.

5.1 Property, plant and equipment - owned

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses with the exception of freehold land which is measured at revalued amount less accumulated impairment losses, buildings, plant and machinery, power house, electric installation, factory equipment, air conditioner and lease hold power house which are measured at revalued amount less accumulated depreciation and accumulated impairment losses.

Capital work-in-progress is stated at cost less any identified impairment loss. Transfers are made to relevant fixed assets category as and when assets are available for use.

Cost of items of property, plant and equipment comprises purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, and includes other costs directly attributable to the acquisition or construction, erection and installation. Major renewals and improvements to an item of property, plant and equipment are recognised in the carrying amount of the item if it is probable that the embodied future economic benefits will flow to the company and the cost of renewal or improvement can be measured reliably. The cost of day to day servicing of property, plant and equipment are recognised in profit and loss as incurred.

Surplus arising on revaluation of an item of property, plant and equipment is credited to surplus on revaluation of property, plant and equipment, except to the extent that it reverses deficit on revaluation of the same assets previously recognised in profit and loss, in which case the surplus is credited to profit and loss to the extent of deficit previously charged to income. Deficit on revaluation of an item of property, plant and equipment is charged to profit and loss to the extent that it exceeds the balance, if any held in surplus on revaluation of property, plant and equipment relating to previous revaluation of that item.

On subsequent sale or retirement of revalued item of property, plant and equipment, the attributable surplus net of deferred tax, if any, remaining in the surplus on revaluation of property, plant and equipment is transferred directly to unappropriated profit. An amount equal to incremental depreciation, being the difference between the depreciation based on revalued amounts and that based on original cost, net of deferred tax, if any, is transferred from surplus on revaluation of property, plant and equipment to unappropriated profit every year.

Depreciation on all items of property, plant and equipment except for freehold land is charged to profit and loss applying the reducing balance method over the useful life of each item at the rates specified in the respective note. Depreciation on additions is charged from the day on which the asset is available for use, while on disposals depreciation is charged up to the date of disposal or when the item is classified as held for disposal.

The useful life and depreciation method are reviewed periodically to ensure that the method and period of depreciation are consistent with expected pattern of economic benefits from items of property, plant and equipment.

An item of property, plant and equipment is de-recognised on disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and carrying amount of the assets) is recognised in profit and loss in the year in which the asset is derecognised.

5.2 Accounting for leases and assets subject to finance lease

Finance lease

Leases where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Assets subject to finance lease are initially recognised at the commencement of the lease term at the lower of present value of minimum lease payments under the lease agreements and the fair value of the leased assets, each determined at the inception of the lease.

Subsequently these assets are stated at cost less accumulated depreciation and any identified impairment loss. The related rental obligations, net off finance cost, are included in liabilities against assets subject to finance lease.

Lease payments are allocated between the liability and finance cost so as to achieve a constant rate on the balance outstanding. The finance cost is charged to income over the lease term.

Assets acquired under a finance lease are depreciated in the same manner and at the same rates used for similar owned assets, so as to depreciate these assets over their estimated useful lives in view of certainty of ownership of these assets at the end of lease term. Depreciation of the leased assets is charged to income

Operating lease

Leases where significant portion of the risk and rewards of ownership are retained by the lessor are classified as a operating lease. Payments made under operating lease are charged to the income on straight line basis over the period of lease.

5.3 Non-current assets classified as held for sale

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are not depreciated once classified as held for sale. Assets classified as held for sale and liabilities directly associated with the assets classified as held for sale to be presented separately in the balance sheet. Any Impairment loss on reclassification is recognised in the profit and loss account and any gain on disposal is also recognised in profit and loss account.

5.4 Investments

Regular way purchase or sale of investments

All purchases and sales of investments are recognised using trade date accounting. Trade date is the date that the Company commits to purchase or sell the investment.

Investments in equity instruments of associated companies

Investments in associated companies are accounted for by using equity basis of accounting, under which the investments in associated companies are initially recognised at cost and the carrying amounts are increased or decreased to recognise the Company's share of profit or loss of the associated companies after the date of acquisition. The Company's share of profit or loss of the associated companies is recognised in the Company's profit or loss. Distributions received from the associated companies reduce the carrying amounts of investments.

Adjustments to the carrying amounts are also made for changes in the Company's proportionate interest in the associated companies arising from changes in the associated companies' equity that have not been recognised in the associated companies' profit or loss. The Company's share of those changes is recognised directly in equity of the Company. Where Company's share of losses of associated companies equals or exceeds its interest in the associates, the Company discontinues recognising its share of further losses except to the extent that Company has incurred legal or constructive obligation or has made payment on behalf of the associates. If the associates subsequently reports profits, the Company resumes recognising its share of those profits only after its share of the profit equals the share of losses not recognised.

Available for sale investments

These investments are initially measured at their fair value plus directly attributable transaction cost and at subsequent reporting dates, measured at fair values and gains or losses from changes in fair values other than impairment loss are recognised in other comprehensive income until disposal at which time these are recycled to profit or loss. Impairment loss on investments available for sale is recognised in the profit or loss.

Other investments

Other investments like defence saving certificates are held to maturity. Interest is accrued on these investments according to the rate provided by the issuer.

Investments with fixed maturity that the management has the positive intent and ability to hold till maturity, are classified as 'held to maturity' and are initially measured at cost and at subsequent reporting dates measured at amortized cost using the effective yield method.

All investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

5.5 Long-term deposits

These are stated at cost which represents the fair value of consideration given

5.6 Stores, spare parts and loose tools

Stores, spare parts and loose tools are valued at lower of cost and net realizable value. Cost is determined by moving average method less provision for obsolescence. Items considered obsolete are carried at nil value. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

5.7 Stock-in-trade

These are valued at lower of cost and net realizable value except waste which is valued at net realizable value. Cost is determined as follows;

Raw material

| | |
|--------------|--|
| - in-hand | Weighted average cost. |
| - in-transit | Cost comprising invoice value plus other charges incurred thereon. |

Finished goods and work-in-process Raw material cost plus appropriate manufacturing overheads.

Waste Net realizable value.

Net realizable value signifies the estimated selling prices in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sales.

5.8 Staff retirement benefits - gratuity

The Company operates an unfunded gratuity scheme covering for all its permanent employees who have completed the minimum qualification period for entitlement to the gratuity.

Provision is made annually to cover the obligation on the basis of actuarial valuation and charged to income currently. Expense comprising of current service cost and interest cost is recorded in profit and loss account, whereas any re-measurements due to actuarial assumptions are charged to other comprehensive income as and when they arise.

5.9 Taxation

Income tax expense represents the sum of current tax payable, adjustments, if any, to provision for tax made in previous years arising from assessments framed during the year for such years and deferred tax.

Current

Provision for current taxation is based on taxability of certain income streams of the Company under presumptive / final tax regime at the applicable tax rates and remaining income streams chargeable at current rate of taxation under the normal tax regime after taking into account tax credit and tax rebates available, if any. The charge for current tax includes any adjustment to past years liabilities.

Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amounts of assets and liabilities for the financial reporting purposes and the amounts used for taxation purposes.

Deferred tax asset is recognised for all the deductible temporary differences only to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax liabilities are recognised for all the taxable temporary differences.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted by the reporting date.

5.10 Provisions, contingent assets and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

Contingent assets are not recognised and are also not disclosed unless an inflow of economic benefits is probable and contingent liabilities are not recognised and only disclosed unless the probability of an outflow of resources embodying economic benefits is remote.

5.11 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are charged to income in the period in which they are incurred.

5.12 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of consideration received or receivable on the following basis;

- Local sales are recognised on dispatch of goods to customers and export sales are recognised on bill of lading date.
- Dividend income from the investments is recognised, when the Company's right to receive dividend has been established.
- Mark-up on loans to related parties and profit on saving accounts is accrued on time basis, by reference to the principal outstanding and at the effective profit rate applicable.

5.13 Foreign currency translations

Transactions in foreign currencies are translated into Pak Rupee, using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into Pak Rupee at the exchange rates prevailing at the reporting date. All arising exchange gains and losses are recognised in the profit and loss account.

5.14 Financial instruments

Non-derivative financial assets

The Company classifies non-derivative financial assets as available for sale (note 7.2), loans and other receivables. Loans and receivables comprise investments classified as loans and receivables, cash and cash equivalents and trade and other receivables.

Trade debts, other receivables and other financial assets

Trade debts and other receivables are initially recognised at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, these are measured at amortized cost using effective interest method, less any impairment losses. Known bad debts are written off, when identified.

Cash and cash equivalents

Cash and cash equivalents comprise cash-in-hand, cash with banks in current, saving and deposit accounts, bank overdraft and other short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

Non-derivative financial liabilities

The Company initially recognizes non-derivative financial liabilities on the date that they are originated or the date that the Company becomes a party to the contractual provisions of the instrument. The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired.

These financial liabilities are recognised initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Non-derivative financial liabilities comprise mark-up bearing borrowings including obligations under finance lease, bank overdrafts and trade and other payables.

Off-setting of financial assets and liabilities

Financial assets and liabilities are off-set and the net amount is reported in the balance sheet when there is a legally enforceable right to off-set the recognised amounts and there is an intention to settle either on a net basis, or to realise the asset and settle the liability simultaneously.

5.15 Impairment loss

The carrying amounts of the Company's assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of provisions for impairment losses. If any indications exist, the recoverable amounts of such assets are estimated and impairment losses or reversals of impairment losses are recognised in the profit and loss account and in case revalued assets are tested for impairment, then impairment loss up to the extent of revaluation surplus shall be recognised in revaluation surplus and remaining loss, if any shall be recognised in profit and loss account. Reversal of impairment loss is restricted to the original cost of the asset.

5.16 Related party transactions

All transactions with related parties are carried out by the company at arms' length price using the method prescribed under the Companies Ordinance, 1984 (comparable uncontrolled price method) with the exception of loan taken from related parties which is interest / mark-up free.

5.17 Dividend and appropriation to reserves

Dividend distribution to the Company's shareholders and appropriation to reserves are recognised in the period in which these are approved.

The impairment charge represents the writing down of the carrying value of the investment to its recoverable amount in accordance with the International Accounting Standard (IAS) 36, Impairment of Assets. The recoverable amount is the higher of fair value less cost to sell or the value in use. The recoverable amount has been calculated as the value in use which equates to Rs. nil (2016: Rs. nil) per share aggregating to Rs. nil (2016: Rs. nil) after considering the company's share of present value of the estimated future cash flows expected to be generated by the associate, including the cash flows from the operations of the associate and the proceeds on the ultimate disposal of the investment as opposed to the fair value less cost to sell. Principal assumptions and critical judgements regarding the valuation of the investment have been discussed in note 41 of the financial statements.

The market value of investment in Gulshan Spinning Mills Limited is Rs. nil (2016: Rs. nil) as the equity of the company is negative.

22.1 The Company had acquired plant and machinery and vehicles under finance lease arrangements from leasing companies, modaraba and banks. These liabilities, during the year, were subject to finance cost at the rates ranging from 7.00% to 16.77% (2016: 7.00% to 16.77%) per annum. The Company intends to exercise its option to purchase the leased assets upon completion of the lease term. The lease finance facilities are secured against title of the leased assets in the name of lessors.

22.2 The Company filed a suit in the Honorable Lahore High Court against all banks / financial institutions under section 9 of the Financial Institutions (Recovery of Finances) Ordinance, 2001. Further, various lessors have also filed suits before banking court and the Honorable High Court of Sindh for recovery of lease finance through attachment and sale of charged properties as fully disclosed in note 29.1.1. Due to these litigations, year-end confirmations from all lessors have not been received.

22.3 Due to the facts explained in note 22.2 above, the entire amounts of the lease finances have become payable on demand, therefore, the amount of future finance cost is not ascertainable as at June 30, 2017 and June 30, 2016. The disclosures of future minimum lease payments is prepared according to existing repayment schedules and provided only to comply with the disclosure requirement of IAS - 17 'Leases'. According to the existing repayment schedules, the future minimum lease payments under these lease finance agreements are due as follows:

29 CONTINGENCIES AND COMMITMENTS

29.1 Contingencies

29.1.1 Liabilities towards banks and financial institutions disclosed in note 21, 22, 24, 25 and 26

- (a) Various banks and financial institutions have filed recovery suits before the banking courts, the Honourable High Court of Sindh and the Honourable Lahore High Court for recovery of their long-term and short-term liabilities and lease liabilities through attachment and sale of Company's hypothecated / mortgaged / charged stocks and properties. The aggregate amount of these claims is Rs. 1,862.08 million (2016: Rs. 1,989.55 million).

The management is strongly contesting the above mentioned suits on the merits as well as cogent factual and legal grounds available to the Company under the law. Since, all the cases are pending before various Courts therefore the ultimate outcome of these cases can not be established.

- (b) The Company filed a global suit in the Honourable Lahore High Court (LHC) against all banks / financial institutions under Section 9 of the Financial Institutions (Recovery of Finances) Ordinance, 2001 (the Ordinance) for redemption / release of security, rendition of accounts, recovery of damages, permanent injunction and ancillary reliefs. The Lahore High Court vide its interim order dated October 25, 2012 ordered not to disturb the present position of current assets and fixed assets of the Company and no coercive action shall be taken against the Company. The Lahore High Court through its order dated September 11, 2013 dismissed the case on legal grounds. The Company filed appeal before Divisional Bench of the Lahore High Court against the above-mentioned order. The Divisional Bench passed an order, dated November 27, 2013, that respondent banks will not liquidate the Company's assets and operation of impugned judgement and decree dated September 11, 2013 will remain suspended meanwhile.

- 29.1.2 The Company has not provided for Rs. 6.8 million (2016: Rs. 6.8 million) in respect of infrastructure cess levied by the Government of Sindh. The case was decided against the Company by a single judge of the Honourable Sindh High Court. The decision was challenged before a bench of same High Court and stay for collection of cess was allowed. The Honourable High Court of Sindh decided the case by declaring that the levy and collection of infrastructure fee prior to December 28, 2006 was illegal and ultra vires and after that it was legal. The Company filed an appeal in the Honourable Supreme Court of Pakistan against the above-mentioned judgement of the Honourable High Court of Sindh. Further, the Government of Sindh also filed appeal against part of judgement decided against them.

The above appeals were disposed-off in May 2011 with a joint statement of the parties that, during the pendency of the appeals, another law came into existence which was not subject matter in the appeal, therefore, the decision thereon be first obtained from the High Court before approaching the Honourable Supreme Court of Pakistan with the right to appeal. Accordingly, the petition was filed in the Honourable High Court of Sindh in respect of the above view. During the pendency of this appeal an interim arrangement was agreed whereby bank guarantees furnished for consignments cleared upto December 27, 2006 were returned and bank guarantees were furnished for 50% of the levy for consignment released subsequent to December 27, 2006 while payment was made against the balance amount.

As at June 30, 2017, the Company has provided bank guarantees aggregating Rs.8.95 million (2016: Rs. 8.95 million) in favour of the Excise and Taxation Department.

- 29.1.3 The Company has obtained stay order from Honourable Lahore High Court against the payment of electric duty to LESCO. However, an amount of Rs. 1,906,625 (2016: Rs. 1,906,625) had been provided in the accounts on account of electric duty

- 29.1.4** The Bank of Punjab has filed a suit COS No. 50/ 2013 for recovery of Rs. 168.426 million on account of working capital facilities provided to the Company. The Company filed PLA No. 148-B/2013, in response to the summons issued by the Honourable Lahore High Court. The learned counsel of defendant in application to leave for defence raised many questions i.e. legality of plaintiff's claim and the authority of person, who filed the suit. After due consideration of PLA filed by the Company, it was established that objections raised by the Company's learned counsel were baseless and unreasonable. The Honourable Lahore High Court dismissed the application and decreed in favour of the plaintiff bank to the extent of The Company has filed appeal in the divisional bench of the Honourable Lahore High Court, and the case is being contested on merit. The execution order of impugned judgement have not been received by the Company during the reporting period.
- 29.1.5** Askari Bank Limited has filed a suit COS No. 40/2013 for recovery of Rs. 148.25 million. The Company filed PLA No. 105-B /2013, in response to the summon issued by the Honourable Lahore High Court. The court refuted all objections raised by the Company's learned counsel, and dismissed their application for leave to defend. Section 10 (1) of Financial Institutions (Recovery of Finances) Ordinance, 2001, states that. "the dismissal of the application for leave to defend means that all the allegations made in the plaint shall be deemed to be accepted and the banking court is obliged to pass a decree thereon". Therefore, the Honourable Banking Court decreed in favour of Plaintiff Bank, together with the costs of funds as contemplated by section 3 of above mentioned ordinance. The Company has filed appeal in the Divisional Bench of the Honourable Lahore High Court, and the case is still subjudice.
- 29.1.6** First Treet Manufacturing Modaraba has filed suit J.Misc. No. 02 of 2015 for winding-up of the Company. The said petition was disposed of by the Honourable High Court of Sindh, through its order dated April 18, 2017, since the parties have resolved the dispute amicably in an out-of-court settlement agreement dated February 28, 2016 executed at Lahore. All the parties to this agreement settled that outstanding amount will be paid in monthly installments till the entire payment is made. The management has not recognised the impact of the said agreement in these financial statements.
- 29.1.7** First National Bank Modarba has filed a suit against the Company for recovery of Rs. 51.842 million. The said suit was decreed vide judgment dated August 01, 2017 against the Company and the same was converted into execution proceedings by the court under section 19 of Financial Institutions (Recovery of Finances) Ordinance, 2001. First National Bank Modaraba has filed an Execution petition which is now pending adjudication before the Banking Court No.1, Lahore, wherein we have already filed an objection petition. This case is being vigorously and diligently contested by the Company.

41 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

41.1 Fair values of financial instruments

Fair value is the amount for which an asset could be exchanged or liability be settled between knowledgeable willing parties in an arm's length transaction. As at the reporting date, fair values of all financial instruments are considered to approximate their carrying amounts.

41.2 Methods of determining fair values

Fair values of financial instruments, with the exception of investment in associates, for which prices are available from the active market are measured by reference to those market prices. Fair values of financial assets and liabilities with no active market and those of investments in subsidiaries are determined in accordance with generally accepted pricing models based on discounted cash flow analysis based on inputs from other than observable market.

41.3 Discount / interest rates used for determining fair values

The interest rates used to discount estimated cash flows, when applicable, are based on the government yield curve as at the reporting date plus an adequate credit spread.

41.4 Significant assumptions used in determining fair values

Fair values of financial asset and liabilities that are measured at fair value subsequent to initial recognition are determined by using discounted cash flow analysis. This analysis requires management to make significant assumptions and estimates which may cause material adjustments to the carrying amounts of financial assets and financial liabilities in future periods. These assumptions are not fully supportable by observable market prices or rates. The Company uses various significant assumptions for determining fair value of financial assets and liabilities and incorporates information about other estimation uncertainties as well.

41.5 Significance of fair value accounting estimates to the Company's financial position and performance

The Company uses fair value accounting for its financial instruments in determining its overall financial position and in making decisions about individual financial instruments. This approach reflects the judgement of the Company about the present value of expected future cash flows relating to an instrument. The management believes that fair value information is relevant to many decisions made by users of financial statements as it permits comparison of financial instruments having substantially the same economic characteristics and provides neutral basis for assessing the management's stewardship by indicating effects of its decisions to acquire, sell or hold financial assets and to incur, maintain or discharge financial liabilities.

42 FINANCIAL RISK EXPOSURE AND MANAGEMENT

The Company has exposure to the following risk from its use of financial statements;

- credit risk,
- liquidity risk and
- market risk

The board of directors has overall responsibility for the establishment and oversight of Company's risk management framework. The board is also responsible for developing and monitoring the Company's risk management policies.

42.1 Credit risk

42.1.1 Exposure to credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the long-term deposits, trade debts, trade deposits and other receivable, accrued mark-up and cash and bank balances. Out of total financial assets of Rs. 21.5 million (2016: 24.90 million), the financial assets which are subject to credit risk aggregate to Rs. 15.05 million (2016: 18.78 million). The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is as follows;

42.2 Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulties in meeting obligations associated with financial liabilities. The Company is facing difficulty in maintaining sufficient level of liquidity due to financial problems as all the banks and financial institutions have blocked / ceased their finance facilities and filed suits for recovery of these finances.

In order to manage liquidity risk, the management along with its restructuring agent (a leading bank) and a few other banks are negotiating with banks / financial institutions for restructuring of principal and mark-up / interest and rescheduling of repayment terms as detailed in note 1.3 to the financial statements and the management envisages that sufficient financial resources will be available to manage the liquidity risk.

The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up rates effective as at June 30. The rates of mark-up have been disclosed in relevant notes to these financial statements.

42.3 Market risk

Market risk is the risk that the value of the financial instruments may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Company is exposed to currency risk and interest rate risk only.

(a) Currency risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company is exposed to currency risk on import of raw material and stores that are denominated in currency other than the respective functional currency of the company, primarily in U.S.Dollar. The currencies in which these transaction primarily denominated in U.S.Dollar. The Company's exposure to foreign currency is as follows;

| | US\$ | Others | Rupees |
|-------------------------------|---------|--------|------------|
| Trade and other payables 2017 | 546,293 | - | 57,087,619 |
| Trade and other payables 2016 | 546,293 | - | 57,087,619 |

| | 2017 Average rates | 2016 Average rates | 2017 Reporting date rates | 2016 Reporting date rates |
|------------------------|-----------------------|-----------------------|------------------------------|------------------------------|
| US Dollar to Pak Rupee | 103.95 | 103.0 | 105/104.8 | 104.7/104.5 |

The following significant exchange rates applied during the year;

| | 2017 Average rates | 2016 Average rates | 2017 Reporting date rates | 2016 Reporting date rates |
|------------------------|-----------------------|-----------------------|------------------------------|------------------------------|
| US Dollar to Pak Rupee | 103.95 | 103.0 | 105/104.8 | 104.7/104.5 |

Sensitivity analysis

At the reporting date, if Pak Rupee has strengthened by 10% against the U.S.\$ with all other variables held constant, loss for the year would have been increased/(decreased) by the amounts shown below mainly as a result of net foreign exchange gain/loss on translation of financial assets and liabilities.

| | 2017 Rupees | 2016 Rupees |
|-----------------------------|----------------|----------------|
| Effect on loss for the year | | |
| US Dollar to Rupees | 5,889,038 | 5,708,761 |

The sensitivity analysis prepared is not necessarily indicative of the effects on the profit for the year and liabilities of the Company. The weakening of the Rupee against U.S Dollar would have had an equal but opposite impact on profit for the year. The sensitivity analysis prepared is not necessarily indicative of the effects on profit for the year and assets / liabilities of the Company.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. Majority of the interest rate exposure arises from short and long-term borrowing from banks and term deposits in PLS saving accounts with banks. At the balance sheet date, the interest rate profile of company's interest bearing financial instrument is as follows:

| | 2017 Rupees | 2016 Rupees |
|----------------------------------|----------------------|----------------------|
| Fixed rate instruments | | |
| Financial assets | <u>17,357,499</u> | <u>15,471,666</u> |
| Variable rate instruments | | |
| Financial assets | <u>4,415,057</u> | <u>4,415,057</u> |
| Financial liabilities | <u>1,159,183,470</u> | <u>1,159,782,951</u> |

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for its fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

Cash flow sensitivity analysis for variable rate instruments is not presented as the Company is not providing for mark-up / interest due to litigation with banks and financial institutions.

42.4 Fair value of financial assets and liabilities

As at June 30, 2017, the carrying values of all financial assets and liabilities reflected in the financial statements approximate to their fair values except investment in an associated company which is valued under equity method of accounting. Further, staff loans which are valued at their original cost less repayments.

42.6 The effective rate of interest / mark-up for the monetary financial assets and liabilities are mentioned in respective notes to the financial statements.

42.7 Capital risk management

The Company's prime objectives when managing capital are to safeguard the Company's ability to continue as a going concern so that it can continue to provide returns for shareholders, benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders and / or issue new shares.

There was no change in the Company's approach to capital management during the year. Further, the Company is not subject to externally imposed capital requirements, except those, related to maintenance of debt covenants, commonly imposed by the providers of debt finance which the Company could not comply as at the reporting date.

Related parties comprise of associated companies, directors of the Company, key management personnel, companies in which directors, key management personnel and close members of the families of the directors and key management personnel are interested. The Company, in the normal course of business, carries out transactions with various related parties. Remuneration of the key management personnel is disclosed in note 39. Amounts due from and to related parties are shown under receivables and payables. Other significant transactions with related parties are as follows:

| 44.1 The Company has not carried out any operations during the current reporting financial year due to the the circumstances disclosed in note 1.3 resulting in cessation of operations. | | |
| 44.2 It is difficult to precisely describe production capacity and the resultant production in the textile industry since it fluctuates widely depending on various factors such as count of yarn spun, raw material used, spindle speed, twist etc. | | |
| 44.3 Severe energy crisis in the form of unscheduled and unprecedented gas and electricity load shedding catastrophically impaired the production of the company resulting in a major production short fall. Financial institutions have also curtailed the short-term limits and froze the funds in current accounts to clear the mark-up and other dues. These all factors caused production short fall in previous reporting periods. | | |
